

Patriot Services Corporation to Speak at the World Conference on Disaster Management

Contact: Stephen M. Potter

Phone: (248) 233-0799

Date: 6/06/2006

For Immediate Release

Southfield, MI - Patriot Services Corporation President Stephen M. Potter has been selected to be a speaker at the World Conference on Disaster Management (WCDM).

The WCDM is the premier global conference on Disaster Management. For more information on the WCDM visit the conference website at www.wcdm.org.

Mr. Potter will conduct a seminar on Sunday June 18, 2006. The seminar topic will be on large scale disaster and terrorism simulation exercise design, control and evaluation.

Patriot Services Corporation is currently providing exercise planning services to several clients around the United States and has a 3-day exercise design course that incorporates FEMA and Department of Homeland Security best practices.

Patriot Services Corporation is a 100% veteran-owned business that provides specialized advisory services regarding homeland security, business continuity, and emergency preparedness requirements including: critical infrastructure protection, healthcare emergency preparedness, NIMS Compliance, large scale exercise design and evaluation, and custom designed or FEMA/DHS approved training courses. Patriot Services currently has clients and project work in Nevada, Indiana, Ohio, Michigan and New Jersey and is expanding throughout the county.

If you would like Patriot Services Corporation to assist your organization, please contact our leadership at 248.233.0799.
